

To our valued customers and friends:

Our customers' and employees' health is our first and foremost concern during the COVID-19 pandemic. We have instituted the following operational guidelines after consulting the Office of Pennsylvania Gov. Tom Wolf, the Pennsylvania Department of Health, the Centers for Disease Control & Prevention, the National Association of Theatre Owners, and the National Association of Theatre Owners of Pennsylvania. We remain in contact with these agencies daily for any changes.

FOR OUR CUSTOMERS

- Any customers who are COVID-19 positive or have been exposed to a person with COVID-19 within the past 14 days are prohibited from entering the building.
- You must wear a face mask covering your mouth and nose to enter the building. Per food establishment guidelines, you may remove your mask when seated in a theater or at a table in our dining room. You must put it back on when leaving your seat.
- You must stay 6 feet away from other people when in any line. Guidance signs/markings are in place throughout the building to remind you of the requirement for social distancing.
- Theater seating requirements are the same as established for eating establishments. If your group arrives together, you may sit together. For others, social distancing of 6 feet is required. Our theater requirement for distancing is three empty seats in a row (72") OR 1 row apart (40") and two seats apart (48")
- Seating is limited to 50% of maximum capacity, which is 50 people or less per theater, given the dynamics of social distancing when seated.
- Customers who do not comply with these restrictions will be asked to comply. Those who continue to not comply must leave the building.

FOR OUR CUSTOMERS' AND EMPLOYEES' SAFETY

- Employees are forbidden to work if they are COVID-19 positive or have been exposed to a person with COVID-19 in the past 14 days.
- Employees arriving for their shifts are tested for a body temperature below 100.4 degrees and the absence of any shortness of breath or cough. If any of these symptoms appear, they are sent home before any interactions with customers.
- Employees are required to wear face masks covering their nose and mouth.
- All public areas of the building are thoroughly cleaned between shows using best practices from the agencies listed above.
- Any high-risk individual is encouraged to isolate at home.

We will continue to operate within these policies until they are changed by the Commonwealth of Pennsylvania.

Thanks for your understanding and patronage,

Don and Karen Struckle
